## WORLDS TO EXPLORE

IN 2021, DISCOVER THE FASCINATING SPECIES OF THE ZOO. WHETHER ANIMAL, PLANT, REAL OR IMAGINARY, THEY WILL SURPRISE YOU WITH THEIR UNSUSPECTED CHARACTERISTICS.

During each school holiday and during the major events of the year (nocturnal events, Christmas...), take part in a rich program: meetings, workshops, guided tours and many other surprises.

Find the program, online activities and information on [parczootologiqueparis.fr](https://parczootologiqueparis.fr)

## ANIMAL WELFARE AND CONSERVATION

In addition to promote the discovery of biodiversity, did you know that the zoo actively participates in its preservation?

By breeding species that have become rare, developing conservation projects in the natural environment, carrying out veterinary and behavioural studies...

Particular attention is paid to the welfare of all the animal species presented here, both in the design of their enclosures and in day-to-day care.

### SPONSORSHIP

Help us protect endangered species by becoming a sponsor

# WELCOME TO THE WORLD OF BIODIVERSITY: 2500 ANIMALS, 234 SPECIES, 5 BIOZONES

EMBARK ON A UNIQUE  
JOURNEY AMONG SURPRISING  
AND ENDANGERED SPECIES  
AT THE PARC ZOOLOGIQUE DE  
PARIS, A HUB OF BIODIVERSITY  
CONSERVATION.  
HERE WONDERMENT AND THE  
EXOTIC AWAIT YOUNG AND OLD...

## WELCOME TO THE MUSEUM

The national Museum of natural history is an atypical institution: at the same time, it is a research center, a university, a museum, a botanic garden and several zoos. With its 4 centuries of scientific adventures, the museum works for the future of our planet. Its many spaces around France will help you better understand nature in all its dimensions and the world that surrounds us. Explore them!

**THIS ZOO IS ONE  
OF THE 11 MUSEUM'S  
SPACES OPENED  
TO THE PUBLIC**

## EUROPE

At the foot of the Great Rock, among the tall pines, look for wolves, **wolverines, lynx**, otters... without forgetting our star, the strange **Blob**, a little known unicellular being. it's neither an animal nor a plant or a mushroom... come meet him in our European vivarium!

## GUIANA AMAZON

Discover the incredible richness of the Amazon-Guiana biozone and meet woolly monkeys, **jaguars, coatis, peccaries, macaws, Dart Frog**...

## TROPICAL GREENHOUSE

Plunge into the tropical forests of Guyana and Madagascar, home to fascinating animals and plants: **anteaters, sloths, manatees, piranhas, ants, toucans, boas, bats**...

## MADAGASCAR

Between tropical forest and coral reefs, explore the Madagascar biozone with its unique fauna and flora: **black lemurs and other lemurs, blue-spotted rays, chameleons, fossas, traveller's palms**...

# Optimize your visit:

Take the time to observe, explore and find the best viewing points. in hot weather, like you, animals seek shade. The end of the day is the best time to observe them. Unless otherwise indicated, all animals are present, even if you don't always see them at first glance. Presentations and feeding times help you learn more!

## AFRICA

Head for the savannah and the largest biozone in the park! Marvel at the giants of Africa: **giraffes, rhinoceroses, lions, ostriches**...

## PATAGONIA

immerse yourself in the end of the world atmosphere of the southernmost tip of the American continent. **Sea lions, Humboldt penguins and pumas** reveal their distinctive features.

## THE GLADES

For picnicking, relaxing, play or walking barefoot, the Glades will delight both young and old.

\*All toilets are accessible for disabled people  
\*\*Our restaurants and take away services are open according to the seasons. Check the informations on site.

## Photo exhibition: "FASCINATING LOOKS"

As part of the first Photoclimat Biennale in Paris, come and discover at The Glades a selection of intriguing animal photographs, taken by Tim Flach.
